SUMMARY

I enjoy frontend development and want to go fullstack at some point. I work with React and like it alot. I get excited about new technologies and right now I think Svelte looks very promising!

PROFESSIONAL EXPERIENCE

DEC 2021 – NOW

Web developer | Naeva AS | Bergen

- Working on our web application built with React and Typescript
- Reworked entire sign in/sign up process
- Migrated several libraries such as MUI and Firebase to new versions resulting in a much smaller bundle size
- Refactored our old monolith web app into several smaller apps spread across different subdomains
- Setup a CI/CD for our component library package leading to a more streamlined workflow
- Replaced CRA with Vite to drastically decrease start up and build time

APR 2021 – DEC 2021

IT Consultant | Wide Assessment AS | Bergen

- Consultant working on projects for Naeva AS

APR 2021 – DEC 2021

Internship/Bachelor thesis | Wide Assessment AS | Bergen

- Internship as an elective course through school. Created a dashboard with an overview of the company's key performance indicators
- Created a dashboard where the company could monitor and control access and other tasks related to the company's IT security

SKILLS

React, TypeScript/JavaScript, Firebase, Netlify, Storybook, CI/CD, Git/Github, Redux, PostgreSQL
